TO FAMILIES, MASTERS OF SHIPS AND OTHERS.

THE undersigned begs leave to announce that on the 1st March next he will open a shop at No. 29 and 31, Scott's Lane, Queen's Road, (opposite Aberdeen St.), for the exclusive sale of TEA by retail, for the supply of families and ships.

Having been in the Tea trade many years, and having connections at Canton and Foochow, the advertiser relies for support upon his ability and intention to supply the best quality of each favorite description, put up carefully in convenient packages, the smallest quantity sold being one pound. He cannot sell loose tea, his stock being carefully packed at wholesale establishments, with the view of its maintaining its strength and flavor.

Masters of vessels will find it very advantageous to deal with the undersigned, as they will not only be provided with a good sound palatable article, but the Tea will be carefully put up in half pound papers, and so packed as to keep fresh and good for a long voyage.

GENTLEMEN,—The amount of Interest accruing upon the Indemnity paid by the Chinese Government for the destruction of the property belonging to the late "Canton Fire Brigade," is Nine Hundred and Ninety-five Dollars and ninety-eight Cents.

As those amongst your number, who continue to reside at Canton are known to feel much dissatisfaction that no portion of the principal sum was voted to the re-establishment of a "Fire Brigade," for the portion of the Settlement at Chamcen, I beg to propose that the amount above mentioned be left in the hands of H.M. Consul for that purpose, to which I believe it to be fully adequate. Should no objection to this course be intimated to me on, or before the 15th February next, I shall consider myself exonerated from responsibility in regard to the sum in question.—I am, Gentlemen, Your obdt. PROSPECTUS.

MACAO DOCK COMPANY.

CAPITAL—$150,000 in 150 Shares of $1,000 each.

AS soon as the Capital is subscribed for and a Meeting called to frame laws and appoint Directors, &c., and sign a deed of settlement similar to the "Hongkong and Whampoa Dock Company's Deed," it is proposed to buy from Mr. B. E. CARNEIRO, that property in the Inner Harbour of Macao, situated on the Praya Manduco, and now known as "Gude de Carneiro."

Together with the Four Large Houses and Twelve Godowns strongly-built, and ground appertaining, measuring in all 705.75 superficial feet for Shareholders of..... $45,000

(The above Houses and Godowns are at present partially insured in Hongkong for $20,000 at a premium of 1½ per cent.

A contract was made to build a Dock capable of taking in a ship with 205 feet Keel and 260 over all, an entrance at the gate of 55 feet, a breadth on the inside on the top 66½ feet, and bottom 35 feet now partially constructed and can be finished in three or four month's time, and with a depth of water at spring tides is 14½ to 15 feet, at neap tides, is 11½ to 12 feet, for the sum of..... $21,000

Machine and Pumps and for putting up, 5,000

Extra wages and other expenses..... 1,700

Total cost of Granite Dock and building, &c..... $75,700

If the Proprietors think desirable, the Portuguese Government have granted permission to extend the Dock 31 feet longer, and have also granted permission to fill up a space that can be used as a timber yard and for other purposes—205 feet by 90 feet. The extra contract for this work would be:—

To lengthen the Dock 31 feet,..... $5,400

To " the Keel 20 feet,..... 3,500

To filling up the space 205 by 90 feet,..... 10,300

Total Amount..... $19,200

This would still leave an available sum of $55,100 which could be partially used to purchase ship stores, machinery, and to send for Engineers, &c., and the ballance kept as a reserve fund. Mr. S. B. RAWLINS has consented to act as Engineer to the Company, upon a payment of 5 per cent on the cost, for his services, the Company paying his travelling expenses.

It is proposed that the payment on the Shares be made as follows:—

THE *Emeu* arrived with the London mails of 26th December about 9 A.M. yesterday. She left Bombay on the 4th ulto. Galle on the 22nd idem. Penang 29th idem. Singapore 1st inst. The latest telegraphic dates we have heard of are New-York 19th December. London 2nd January.

THE first of the series of Grand Concerts came off on Wednesday. It was given in a *suite* of rooms placed at the disposal of the *artistes* by Messrs. Gubbay. These rooms though not adapted for the purposes of a concert, were but indifferently lighted, but otherwise were made the most of. There was a good audience, and the arrangements as to seats were unexceptionable.

As for the entertainment itself—the music was of a high class, most agreeably varied, and exquisitely performed. Robbio appeared not only inspired himself, but to be the cause of inspiration in others. Sipp played on the piano far better than we have heard him do before, and Miss Bailey's singing was infinitely superior to her previous efforts in this colony. The rooms were too small for Grossi; the Catholic Cathedral is the place to hear him to advantage.

We have had our say on the subject of the refusal of the amateurs to lend the *artistes* the theatre; we are averse to creating bad blood and therefore we shall say no more. But it did strike us very forcibly on Wednesday evening, that the idea of a gentleman making it convenient to lend the *artistes* a *suite* of rooms in his residence, after the amateurs had decreed it inconvenient to lend an empty theatre for the purpose,—seemed a great absurdity. Furthermore it seemed to us an absolute disgrace to the colony, that the most effective and accomplished body of musical *artistes* who were ever banded together in one concert East of the Cape, should after the trouble they have taken, be unable in this wealthy colony to obtain a better place for a concert room.

However Robbio's violin sounds most exquisitely in it. Sipp's piano could not be better, and Miss Bailey's voice is most effective. If we are not much mistaken these concerts will become the rage before they are finished, *malgre* the scant accommodation—the worst of which is, that the capacity of the rooms will not afford sufficient space to remunerate the *artistes* It may be we are right in stating that the amateurs have placed themselves in a very absurd position—or it may be that they have represented the wishes of society here in the system of repellance which they have adopted.

It seems to us that Mr. Smythe has a thankless office in any case. Artistes are most difficult people to serve, and if the public do not appreciate his exertions, he will simply have his labor for his pains. It is certain that but for him the *artistes* would never have been drawn together.

WE were under a misapprehension in relation to the British Consul at Manila. It would appear that the functionary who is at the head of the establishment is one J. W. P. Farren, and that he is styled *Consul General for the Phillipines.* It would further appear that he supervises three Vice-Consuls; one at Manila, one at Sual, and one at Iloilo. A medical man is attached to the establishment, so that it must be a pretty expensive affair to the nation.

We have already given a case illustrative of the systematic and culpable apathy of Mr. Farren, of his gross inhumanity, and of his pernicious *surveillance* over the Manila vice-Consul—but we have not yet detailed the contemptible *jack-in-officeness* practised by the Consul General on the occasion in question.

The system practised is this. The Consul General has no office in Manila, and he dwells "where he likes" many miles off. He holds such strict *surveillance* over the Vice-Consul, as to reduce the office to a puppet. The public cannot get at the Consul General and must go to the Vice, who corresponds with his Chief and is invariably instructed how *not* to do anything.

For instance, ere Capt. Shields left Maubon, he arranged with the authorities there to feed the six men who had accompanied him, by an allowance of so much per day. The Captain of the Port offered him a small sum of money, sufficient to pay his travelling expenses from Maubon to Manila. We stated in our former issue that Capt. Shields, after reaching Manila in a perfectly destitute state, anxious to relieve the six comrades whom had left at Maubon, had to wait eight days for a reply to the letter which he wrote to the Consul General at the request of the Vice-Consul. He then saw Mr. Farren, who instead of affording any satisfaction, promising any relief, or expressing the smallest sympathy, was in a dreadful fidget about this money advanced by the authorities of Maubon, simply because they would claim it back, and could not be treated like a destitute skipper. He actually upbraided Capt. Shields for incurring the outlay, and required to know why he did not raise funds by the sale of the boat and its contents? Capt. S. replied that he attempted to arrange for the sale of the boat, but that he could find no interpreter, and that he could not make the authorities comprehend him. The Consul General remarked, that Capt. S. could make himself understood when he wanted money. The Captain rejoined that it was not so—that the authorities had offered the money for the maintenance of the men and that the Captain of the port had offered him the money to go to Manila: that therefore there was nothing to understand, but that the subject of the sale of the boat was a very different affair—Capt. S. added that the humanity and consideration of the Spanish authorities presented a strange contrast to the conduct of the British authorities.

The reader will please to observe that for all the British Consular authorities did, Capt. Shields might still have been in Manila—and the probability is that his six comrades are still at Maubon, a burden to the hospitable Spaniard.

Mr. Farren's office is a complete sinecure—that could be overlooked but for his repellent obstructiveness and well merited unpopularity. It must not be supposed that the testimony as to this fact, rests on Capt. Shields' statement, or on what else we may have heard—not at all. Sir John Bowring in his "visit to the Phillipines," speaks in the plainest terms about the man's conduct and way of life. "The Consulate" says he" had no flag staff, or "flag, nor any designation. The Consul was "gone to his *ferme modèle* where he principally *passes his time, among out cast Indians in an almost inaccessible place* at some "distance from Manila. The Vice-Consul "said it was too hot for him to come on "board the frigate *Magicienne*" [the ship in which Sir John took his passage] "The "Consul wrote that *it would put him out* of "his routine and *economy* if he was expected "to *fête* and entertain with formality, His "Excellency the Plenipotentiary and Governor Hongkong."

Sir John states that he hastened to assure the Consul that his presence should cause him no expense, but he considered, and rightly too, that the absence of duly constituted British Consular authority on the arrival of one of H.M. ships of war was unbecoming in a national point of view, and was discourteous to the Captain.

Our readers will therefore see that H. M. Government are well aware how they are misrepresented at the Phillipines, and yet they appear satisfied. Are we not right in pronouncing the present cabinet *foolcloseed?* It seems to us that they will submit to anything from their subordinates: at least we never heard of them "calling one over the coals," except Mah-chow Wong's friend Caldwell, and Governor Robinson in his finding on the culprit's conduct, recapitulates a career of guilt which certainly cannot be equalled out of Newgate—if even there. But let it be observed what trouble it took to oust the man.

The following is a list of the periodicals which will be found on the tables and which are kept filed; and as the only object of the undertaking is to establish a focus of intelligence available, free of charge, to the general public, the proprietor trusts that he may be assisted and encouraged.

FROM THE HONGKONG GOVERNMENT GAZETTE.

VICTORIA, SATURDAY, 6th FEBRUARY, 1864.

NOTICE TO MARINERS.

LIGHT-HOUSES have been erected on FOUL POINT and ROUND ISLAND, in the entrance of TRINCOMALIE HARBOUR. The lights are of the following discription, and will be exhibited from Sun-set to Sun-rise every night after the 1st. of February 1864.

FOUL POINT.—A flash light showing a brilliant flash every half minute, which is plainly visible 17 miles in clear weather, from a Vessel's deck elevated 18 feet above the sea; a faint light is shown between the flashes, which is not visible beyond a distance of 7 miles.

ROUND ISLAND.—A fixed bright light, which is plainly visible 10 miles in clear weather, from a Vessel's deck elevated 18 feet above the sea; it shows a red light when brought to bear between the points W. by S. ½S., and S. W. ½S., which is not visible beyond a distance of 6 or 7 miles. Approaching between these bearings the bright light is not seen.

The following directions are for the guidance of vessels entering the inner harbour. Approaching from the Southward bring Foul Point light to bear West distant 2 miles; then steer N. W. until Round Island light bears W. S. W.; then steer direct for it until the extreme point of *Chapel Hill bears North; then steer W. by N. until Round Island light bears S. by E. ½E.; then steer N. by W. ½W., passing midway between Ostenberg Point and Sober Island, and keeping Round Island light bearing S. by E. ½E.; anchor immediately when the water is shoaled to †12 fathoms.

Approaching from the Northward when Foul Point light is made, bring it to bear S. by E. ½E., and steer direct for it until Round Island light bears S.W. ½W.; then steer direct for it until the extreme point of Chapel Hill bears N. by E. ½E.; and then follows the directions already given for approaching from the Southward after Chapel Hill bears North.

The Red light is intended to direct vessels clear of the dangers off Foul Point, and Chapel Rock therefore vessels working into the harbour should be careful to keep within its limits.

JAMES DONNAN,

Master Attendant.

Master Attendant's Office, Colombo, 19th December, 1863.

* Chapel Hill being a high bluff headland may be easily distinguished in the darkest night, as when brought to bear N. or N. by E. ½E., it will be only 1½ mile distant, and will be the extreme point of land visible in that direction.

† The Lead should be kept going after passing Ostenberg Point, as the water shoals rapidly from 25 to 12 fathoms.
